Նախագծի
վերաբերություն:

The project “EU4Business: SME Competitiveness and Internationalisation” aims to support Ukrainian small and medium-sized enterprises as well as to mitigate the negative impact of the COVID-19 pandemic. It provides: advisory measures through newly developed COVID-19 Business Clinics and grant support targeted at the recovery of SMEs; advisory support to the local communities in building sustainable SME ecosystems and promoting innovation and internationalisation of SMEs; educational support to the industrial clusters in increasing the innovation and export capabilities of its SME-participants.
