Project description:

The project "Support to Gender Equality and Women Political Participation in Georgia" is a technical assistance, divided in 2 components, one focusing on enhancing gender equality as a cross-cutting issue in all fields of EU-Georgia cooperation and the other facilitating greater women political participation in Georgia. The component 1 will focus on mainstreaming gender dimension in EU cooperation programmes by analytical and mentoring support of the team. The component 2 will focus on increasing the women political participation by different activities: capacity-building, awareness-raising activities, visibility and communication events, knowledge exchange.

Expected results:

COMPONENT 1:

- 1.1. Short overview/update on situation as regards gender equality in Georgia elaborated every 6 months.
- 1.2. Short sectoral overviews/updates as regards gender equality in at least 5 sectors chosen for EU-Georgia cooperation in the framework of the EU programming 2021 and 2022.
- 1.3. Proposals elaborated on better reflecting gender dimension in EU-Georgia cooperation programme/project indicators, including assessment of their sources of verification, reliability, accessibility, etc.
- 1.4. Proposals on enhancing gender dimension in at least 5 ongoing EU-Georgia cooperation programmes in terms of envisaged activities, indicators and project implementation management, including elaboration of working documents to support the implementation of accepted proposals for at least two EU-Georgia cooperation programmes on Public Administration Reform and on Public Finance Management.
- 1.5. Organisation of at least 10 practical workshops and/or short training courses to the key stakeholders of each programme on gender dimension in respective sectors, identification/revision of gender sensitised actions and indicators.

COMPONENT 2:

- 2.1. Mapping report elaborated on the donor assistance needs of Georgia to achieve greater women political participation
