**Descrierea proiectului:**

The main objective is to support Government efforts in the diversification and recovery of the economy from the COVID-19 Pandemic while promoting the balanced and inclusive growth of economically sound regions through enhancing the competitiveness and value-adding of the fruit and vegetable sector of the Lankaran economic region.

**Rezultate așteptate:**

Result 1: A district level socio-economic and environmental diagnosis is conducted and a profile with overview and features of the district is prepared for each district of the Lankaran economic region

Result 2: A smart specialisation strategy for the fruit and vegetable sub-sector is developed as a foundation for the territorial development plans

Result 3: Territorial Development Plans for the Lankaran economic region and its six districts are designed and piloted

Result 4: Cooperation and communication between Lankaran fruit and vegetable sector actors is improved through the establishment of a modern network of local economic and community cooperation hubs

Result 5: Applied agricultural research delivery and smart technology transfer are improved in the Lankaran economic region as a driver of cooperation and communication in the fruit and vegetable sub-sector

Result 6: Market access is enhanced through improving food safety standards and producer-buyer linkages and e-services are strengthened.
