Веб-сайт проекту:

Опис проекту:

The Twinning project is expected to contribute to the establishment of comprehensive Road Safety Database which would be of exceptional benefit to the process of enhancing Road Safety Management in Georgia. It includes the introduction of a comprehensive road safety database that will offer high quality data to all the agencies involved in the process of ensuring road safety and will create the possibility to make results and data based decisions in terms of defining road safety policy .

Очікувані результати:

Twinning project will have permanent and ongoing beneficial effects on the effectiveness of road safety, its capacity and human resources involved in management/operation of road safety activities.
