Апісанне праекта:

The project will contribute to the process of reforming the public administration system in order to improve economic growth and reduce poverty. The project will strengthen the governance capacity of the Ministry of Labour and Social Protection(MoLSP), of the National Employment Agency (NEA) and of the State Labour Inspectorate (SLI) in order to improve access to more and better employment opportunities in Moldova. The main outputs of the project will be focused on developing of the most important outcomes as:

1. for MoLSP and NEA:

- a performance (result-based) management system established;
- a comprehensive capacity building programme for MoLSP and NEA staff is designed and rolled out;
- outreach to inactive people and effectiveness of active labour market policies (programmes and services), including their performance monitoring, is enhanced;
- quality criteria for non-formal training providers developed, including from a gender-responsive perspective;
- individualised service delivery is consolidated, and employment offices are modernised;

2. for MoLSP and SLI:

- labour inspection implements strategic planning and applies new inspection methods;
