Project description:
The Eastern Partnership Civil Society Forum (EaP CSF) aims to strengthen civil society in the Eastern Partnership countries, as well as foster cooperation and the exchange of experience between civil society organisations from partner countries and the EU. The EaP CSF Secretariat ensures technical and administrative support for the functioning of the Forum and ensures greater visibility of its activities and those of its National Platforms and Working Groups.

Expected results:
- Organisation of the Annual Assemblies of the EaP CSF in a revised format, possibly using long-distance live engagement IT applications.
- Provision of support to regional projects elaborated and implemented by Working Groups of the Forum, including those aiming at increased technical capacities of CSOs working on governance sectors.
- Setting up an Early Warning and Resilience Mechanism to enable fast reaction of thematic working groups of the Forum to elaborate joint positions/recommendations.
- Elaboration of a new organisation development strategy, and carrying out its implementation.
- Revision of the advocacy and communication strategies of the Forum to reflect the need to expand outreach to other organisations, donors and international actors.
