Project aims at providing institutional, systematic and practical access to legal protection by victims of SGB/DV (Sexual Gender Based/Domestic violence) and at empowering victims to lead independent lives from the perpetrators.

სისტემური ართებულებები:

- The most vulnerable have access to legal protection;
- Policies are more needs oriented. Existed practices and methods are more supportive for victims;
- Life and health conditions of the most vulnerable victims are improved and protected. Victims are financially independent from their perpetrators;
- Society is more resilient towards SGBV/DV and protection network is strengthened to benefit potential/existed victims;
- The first Coordination and Referral mechanism is created, enabling to reveal and protect the victims in real time.
