Expected results:

- To finalise harmonisation of Ukrainian legislation with the EU legislation in the sphere of food safety, animal health and welfare
- To improve standards in all areas of food safety and animal health and welfare services
- To increase public and stakeholders' awareness on new responsibilities of state organisations related to food safety and animal health and welfare; and benefits of consuming livestock products grown/produced by enterprises that fulfil animal health and welfare requirements
- To establish a continuous training system for officials of the State Service of Ukraine for Food Safety and Consumer Protection, working in the sanitary, veterinary and phytosanitary sectors
