

## Objectives of the EE4U Programme

- ✦ Contribute to reducing the national energy consumption and greenhouse gas emissions
- ✦ Contribute to diminishing foreign purchases of energy sources and increasing energy security of Ukraine

## Principles of the EE4U Programme

- ✦ Implement energy saving measures and reduce energy consumption in the multi-apartment sector in Ukraine where over 40% of heat energy is lost due to old and inefficient buildings
- ✦ Through grants to HOAs provide access to energy efficiency investments and attract private finance in the residential energy efficiency
- ✦ Establish a sustainable financial and technical support mechanism for the residential sector in Ukraine: an Energy Efficiency Fund
- ✦ Contribute to creation of specific financial products (loans) for HOAs by Ukrainian banks
- ✦ Contribute to creation of a sustainable market of energy auditors in Ukraine
- ✦ Support energy efficiency reforms in Ukraine in line with the EU-Ukraine Association Agreement, Energy Treaty, etc.
