

Understanding light bulbs

Energy efficiency is a priority area for the EU, which funds a range of initiatives to reduce energy use in the Eastern Partnership region. Switching to LED light bulbs reduces CO₂ emissions and offers significant energy savings.

Bulb Type	LED	Fluorescent	Incandescent
Cost	€ € €	€ €	€
Lifespan			
Energy Saving	 80%	 75%	
Watts	 14-20W	 23-30W	 100W
Brightness	 14-20W	1500-1600 Lumens	 100W
