THE EU AND THE REPUBLIC OF MOLDOVA: A PARTNERSHIP FOR YOUTH

A YOUTH AND EDUCATION PACKAGE TO DELIVER CHANGE BY 2020 AND BEYOND

Improving prospects for youth is at the heart of European Union cooperation with its Eastern Partners. Together with the Republic of Moldova, the EU aims to create opportunities for young people to study, work, participate fully in society and fulfil their potential. Across the Eastern Partnership, the European Union is providing close to **€330 million** of support to youth for 2017-2020.

*With the **New Deal for Youth**, proposed by the European Commission in March 2020 as an element of the Eastern Partnership policy beyond 2020, investment in youth is expected to be enhanced during this period.*

EMPLOYMENT AND ENTREPRENEURSHIP

EU4Youth: €43 million for the EaP region to foster **entrepreneurial potential** and develop **labour market skills**, through the establishment of business incubators and innovation clusters, mentoring schemes focused on entrepreneurship, including social entrepreneurship, and non-formal catch-up programmes for early school leavers. **Moldova is taking part in three EU4Youth grant projects** launched in 2017-2019 to support employability and entrepreneurship, including social entrepreneurship, among **disadvantaged youth**, and 40 Moldovan organisations participate in EU4Youth capacity building small grants projects.

Vocational Education and Training: The EU provided **€30 million** in support for 2014-17 to reform the VET sector in the Republic of Moldova, including support for the creation of 11 centres of excellence, development of new curricula in line with labour market demands and training for teachers.

Moldova participates in **Erasmus for Young Entrepreneurs**, a cross-border exchange programme that gives new or aspiring entrepreneurs the chance to learn from experienced entrepreneurs in other countries.

European Training Foundation: supporting cooperation by assessment of policies supporting young people in their transition to work, to identify priority areas for action and to support national youth strategies – read the **Moldova report**.

Young European Ambassadors: **more than 700** Young European Ambassadors (YEAs) fostering cooperation between young people and youth organisations in the EU and the Eastern partner countries, as part of the 'EU NEIGHBOURS east' project – meet the **YEAs from the Republic of Moldova**.

EU4Youth Alumni network: building on the enthusiasm and experience gained in non-formal education programmes, alumni from different EU youth initiatives support greater engagement of disadvantaged young people from Eastern partner countries in their local communities and in EU mobility programmes.
