1. INTRODUCTION AND GENERAL INFORMATION

The purpose of this scheme is to support individual artists and cultural professionals from the Eastern Partnership countries to work and interact across borders. It is funded by the European Union (EU), as part of the EU4Culture programme.

1.1 EU4Culture

EU4Culture aims to foster culture as an engine for growth and social development across six countries of the European Union's Eastern Partnership (EaP) region: Armenia, Azerbaijan, Belarus,¹ Georgia, Republic of Moldova and Ukraine². It will help to enhance the role of the cultural sector as a driver of economic development. Thanks to its regional approach, it also promotes intercultural dialogue and knowledge exchange between artists and cultural professionals from these countries.

The project places culture, the creative industries and cultural sites at its core, which all carry a great potential for broad and sustainable economic and social development.

1.2 Overview and objectives of the mobility grant scheme

For this purpose, a mobility grant scheme for Artists and Cultural Professionals (A&CP) has been developed, which specifically aims to:

- (1) Enhance intercultural dialogue and knowledge exchange between A&CP in the EaP countries;
- (2) Support professional mobilities (i.e., international travel for professional purposes) of Artists and Cultural Professionals;
- (3) Create links between artists, cultural practitioners and professionals to support international collaboration.

Up to 250 Artists and Cultural Professionals in five EaP countries (i.e., Armenia, Azerbaijan, Georgia, Republic of Moldova and Ukraine) will receive a mobility grant during the next three years, i.e. 2022 - 2024. EU4Culture will award a maximum of EUR 600,000³ in total to individual Artists and Cultural professionals, i.e. a maximum of EUR 120,000 per EaP country for six calls.

The mobility grant scheme supports activities such as internships, study visits, conferences (online/offline), professional development and other activities that are carried out in another country and foster knowledge exchange and intercultural dialogue.

In total, five calls for proposals are planned: the first call was launched on **January 31, 2022**, the second call will be launched **on June 30, 2022** (see Section -**Timetable and Implementation**).

The information to be provided and selection procedure are presented in detail in this document. In summary, applicants must provide information about:

- the international collaboration that is made possible by the mobility and the main activities to be undertaken;
- the expected results of the mobility, in terms of production and/or professional development;

¹ As of 28 June 2021, Belarus has suspended its participation in the Eastern Partnership.

² The separate call for Ukraine was published in April 2022. Due to very high demand the call is closed now. The next call for Ukraine will be announced simultaneously with the third call for other countries in January 2023.

³ EU4Culture reserves the right not to award all available funds, or to re-allocate funds to other project grants, if usage is uneven.

- how the results will be shared with others and/or used in the future ('sustainability plan');
- the professional and personal motivation for the mobility.

Applicants must also provide evidence that a plan of activities has been organised for the mobility: for example, an invitation from the host organisation (**official letter with the signature or stamp, otherwise the document will not be accepted**), a cooperation plan or agreement with a partner in the destination country, or a festival programme.

2.3 Eligible expenditures and principles of funding

In the budget accompanying the application (see 'Annex A - Budget'), applicants must indicate the expenses that will be requested as part of their mobility funding.

The table below provides information on the types of costs that can be included in the budget, as well as the amount that can be paid and how the amount is calculated.

Please note:

For virtual mobilities, the only cost allowed is 'Registration fees'.

Eligible costs		Financing mechanism	Amount	Rule of allocation

Table 2: Travel categories and eligible costs (incl. travel costs)

* Applicants must calculate the distance between the place of origin and the venue of the mobility by using the European Commission's distance calculator. For example, if a person from Batumi (Georgia) is applying for a mobility that will take place in Brussels (Belgium), applicants should:

1. Calculate the distance from Batumi to Brussels using the European Commission's distance calculator: http://ec.europa.eu/programmes/erasmus-plus/tools/distance_en.htm
1. Identify the distance category, i.e. the distance Batumi - Brussels in a straight line is 3004.36 km, thus the distance is in the category between 3,000 and 3,999 km¹⁰
2. Plan/indicate eligible total travel costs for the whole round trip accordingly, i.e. the total eligible travel costs (round trip) for the beneficiary in this case will be EUR 530.

Can the original budget be modified or adjusted during the implementation stage?

The total budget cannot be increased: however it can be decreased, if the mobility does not take place as foreseen or if the real costs are lower than those indicated in the budget.

The amounts under each "real costs" budget line can be slightly re-allocated between each other, within 10% of the amount initially indicated.

Travel and accommodation costs cannot be increased: they will be decreased if the mobility does not take place as foreseen.

What expenses cannot be supported by the EU4Culture mobility grant scheme?

- Expenses that have not been indicated in the budget of the mobility (Annex A);
- Expenses that are not directly related to the mobility;
- Expenses that are already fully covered by another source, grant or program (double funding).

Please note:

Co-funding of the mobility projects from other source(s) is possible, e.g. co-funding of registration fee for the targeted conference, travel costs, costs of stay. However if these costs are covered by another source, they cannot be included in the budget of this mobility grant (Annex A).

2.4 Additional Information

Applicants may only submit one application in response to a Call for Proposals: if they submit several applications for the same call, only the last submitted application will be considered.

Applicants who are not successful can re-apply in response to the following Call.

EU4Culture will support maximum one mobility project per applicant: applications from persons who have been successful in a previous Call will not be considered.

Depending on new regulations or other circumstances, the EU4Culture team may update the process, the structure of the application or the mechanism of the financial support used for future Calls for Proposals. The Guidelines will be published for every Call for Proposals separately. Therefore, we highly recommend that applicants who intend to respond to future Calls for Proposals, always refer to the guidelines of the corresponding Call.

Any conflict of interests must be avoided at all times.

2.5 Visibility

Beneficiaries of the EU4Culture mobility grant scheme must clearly acknowledge the European Union's contribution in all publications or in conjunction with activities for which the financial mobility support is used. In this respect, beneficiaries of the EU4Culture mobility grant scheme are required to highlight the name and use the logo of the European Union on all their publications, posters, programmes, and other products produced under the financed project.

To do this, they must follow the Communication and Visibility Manual for EU4Culture Beneficiaries (cf. Annex D).

After the completion of the mobility projects for each Call, EU4Culture will publish the following information, in summary form, for each of the five EaP countries:

- Total number of projects funded and total amount of financial support provided;
- Objectives and main activities of the mobility projects;
- Main results of the mobility projects.

- Developing and submitting an application.

The sessions will be held in local languages.

Additionally, potential applicants may submit questions by e-mail (see Section 7 – **Contact Information**).

Individual consultations in the framework of this Call for Proposals are not possible. In order to ensure a level playing field for all applicants, all questions and answers as well as other important information will be published on the GAP and will be accessible to everyone.

3.1.4 Application Language

The application form and all supporting documents (artistic CV/portfolio, agreement with the mobility partner or letter of invitation from the host organization (with signature or stamp), budget) must be submitted in English.

3.1.5 What happens once the application is submitted?

All submitted applications will undergo a standard assessment procedure, which is composed of:

- (1) Formal and eligibility assessment – checking whether the application fulfils the formal eligibility criteria;
- (2) Quality assessment – evaluation of the application’s content;
- (3) Final selection – based on the quality assessment, but taking into consideration geographical balance, gender balance and inclusion.

(1) Formal and eligibility assessment

The formal and eligibility assessment will be performed according to the following criteria:

#	Formal and eligibility criteria
1	The application has been submitted within the deadline.
2	The application and supporting documents are submitted in English.
3	The application fulfils the eligibility criteria (applicant, target country, duration).
4	The application form is complete and all required documents are uploaded.

Quality assessment

The applications that pass the formal and eligibility assessment will be further evaluated by two independent experts, according to the following evaluation grid.

The evaluation criteria are divided into four headings: each heading will be given a score between **1 and 5 (1 = extremely poor; 2 = Very poor; 3 = Adequate/Moderate; 4 = good; 5 = excellent)**. Each heading has a weighting, by which the score will be multiplied to reach a maximum score.

5 scale assessment	Score Scale	Percentage	Interpretation
	1	0-20	Extremely poor
	2	21-40	Very poor
	3	41-60	Adequate/Moderate
	4	61-80	Good
	5	81-100	Excellent

Evaluation grid

Heading	Maximum Score
1. Plan of activities /plausibility and feasibility	35
How clear and realistic is the suggested mobility programme?	
2. Results:	25
How clear is the purpose of the mobility and the expected results?	
3. Sustainability	25
How realistic are the applicant's plans to use the experience gained/results produced after the end of the mobility project within community?	
4. Motivation	15
How clear is the personal and professional motivation of the applicant? How clear is the personal motivation of the applicant to share the experience gained after the end of the mobility project?	
Maximum total score	100

The score attributed to each application will correspond to the average of the scores attributed by each independent expert.

If the scores attributed to an application by each expert differ by more than 30 points, the application will be assessed a third time. In this case, the score of the application will correspond to the average of the two closest scores.

(3) Final selection

The final selection of projects will be based on the scores obtained in the evaluation but will also take into consideration geographical balance, inclusion and gender balance.

Priority will be given to Artists and Cultural Professionals living in selected cities of the EU4Culture Cultural Development Strategy grant scheme (see the list of selected cities here: <https://euneighbourseast.eu/news-and-stories/latest-news/eu4culture-conference-14-chosen-cities-to-elaborate-cultural-development-strategies/>), as well as to those who are not from the capitals of the participating countries.

Priority will also be given to applicants who have not previously participated in similar mobility projects.

The applicants will be automatically informed of the results of the assessment via the GAP.

3.1.6 What happens once the application is approved?

Signing of the grant contract

If the applicant is selected for funding within EU4Culture mobility grant scheme:

- The mobility budget will be reviewed and the approved funding amount will be confirmed.
- The applicant will receive the draft of the grant agreement, to be completed with relevant information, signed and returned to Goethe-Institut.
- After the grant contract has been signed by both parties (the applicant and Goethe-Institut), the applicant becomes a Beneficiary of the EU4Culture mobility grant scheme and receives 75% of the approved funding amount.
- The applicant can begin implementing the mobility.

Any bank fees will be charged to the recipient (i.e, the banks will deduct any fees from the amount EU4Culture will have transferred to the beneficiary's account).

Reporting and final payment

The Beneficiaries commit, within one month of the end of their mobility, to submit an activity report consisting of a narrative and financial report, including required supporting documents. Beneficiaries will receive the balance of their funding amount (25%) after submission and approval of the report.

Their structure is as follows:

1) Narrative report:

- Description of the activities implemented and results achieved;
- Attachments: Videos, a minimum of 3 pictures demonstrating some activities of the mobility project, Social media posts demonstrating some activities during the project (if any).

2) Financial report:

Budget form including supporting documents:

- For the real costs: proof of expenditure (invoices, proof of payment; e.g. conference fee);

- For the lump sums: proof that the mobility occurred and lasted the number of days foreseen (boarding pass/train ticket/passport stamps, local receipts or invoices in the destination country in your name).

3.2 Principles applying to EU Grants

Non retroactivity

Beneficiaries may begin implementing their project only after their grant agreement is signed. Costs incurred before the signature of the grant agreement will not be eligible.

Non-cumulative award

EU4Culture will support a maximum of one mobility project per person. EU4Culture will not cover costs that are otherwise covered, for example by other grant schemes. To avoid the risk of double funding, the applicant must indicate in the relevant section of the application form, the sources and the amounts of any other funding received or applied for in the year.

Multiple submissions

In case several applications from the same applicant have been submitted, EU4Culture will assess the last submitted application. Applications with identical or similar content submitted by different applicants will be subject to a special assessment and may be rejected, due to suspicion of fraud.

No-Profit and Co-financing

Mobility projects supported by the European Union must not have the purpose or effect of producing a profit within the framework of the project carried out by the beneficiary.
