

"EU4Youth phase III Youth Employment and Entrepreneurship"
This project is financed and supported by the European Union

What is this programme about?

The multi-donor programme co-financed by the European Union and the Ministry of Foreign Affairs of the Republic of Lithuania and implemented by the Central Project Management Agency:

- aiming at fostering active participation of youth in both democratic life and the labour markets
- focusing on disadvantaged youth
- contributing to sustainable and smart growth, social cohesion and reduction of inequalities
- implemented in Eastern Partnership (EaP) societies

What are our goals?

- **Foster young people's skills** needed for digital economy, green transition, successful entrepreneurship and career management
- **Develop partnerships among public, private and non-governmental institutions** in the area of employability and career development for youth, in particular disadvantaged youth
- **Build structural capacities of key institutions** for mapping, outreach, preparation and offers of employment, continued education, apprenticeships or traineeships to young people
- **Strengthen the understanding** of youth in the Eastern partner countries about European politics and governance

What are the target groups of the programme?

- Public Employment Services
- State authorities operating in the area of youth employment
- Employers' associations
- Trade unions
- Youth
- Non-governmental organisations
